

## Board Members

**President** Diana Crumrine, NMD  
**Vice President** Nicole Maxwell, NMD  
**Secretary** Jackie Schrempp, NMD  
**Treasurer** Hunter Peterson, NMD  
**Lobbyist** Kris Ellis

## Naturopathic Physician Licensing: Year One in Review

Together with the Board of Medicine, Idaho Medical Association and pharmacists Rules were negotiated to ensure the highest standards for NMDs in Idaho. Including the requirement of an advance pharmacology exam administered by NABNE.

“The Idaho State Board of Medicine is pleased to be licensing Naturopathic Medical Doctors (NMDs) to provide additional access to primary care in this fine state. The Naturopathic Medical Board, which was formed on July 1, 2019 and is advisory to the Board of Medicine, has issued 20 licenses since July 1, 2020 and has 23 applications in process. So far, the Board has received no complaints about the care provided by these licensed NMDs.”  
-Anne Lawler, Executive Director, Idaho Board of Medicine

With input from the Idaho Division Of Professional Licenses NMDs are now able to apply and receive a DEA number to prescribe controlled substances.

There has been a lot of activity since the Naturopathic Medicine Licensing Law went into effect. NMDs are able to prescribe, order labs and imaging. The IDAANP continues to strive for NMDs to be part of the larger medical system including hospitals, private and public insurance, and specialty care clinics. The IDAANP will continue working to see licensing grow and that NMDs are considered to be an integral part of the Idaho health care system.

Thank you for your support!
